2022 NAVIBUILDER SYSTEM OF RESILIENCY RESEARCH

NATIONWIDE ADOPTION OF A STANDARD SYSTEM OF COMMUNITY RESILIENCE FOR HAZARDS, EMERGENCIES & RECOVERY

LEADING RESILIENCY

HMGP Core Modules

- Wildfires
- Winter Storms
- Tornados
- Hurricanes
- Inland Flooding, Landslides
- Coastal Flooding, Tsunami
- Social Disruption*
- Crisis Intervention*

- **Wildfires**
- **Winter Storms**
- **HMGP Grant Process IA**

- **Tornados**
- **Hurricanes**
- **BRHMPrimedAI™ Certifications**

- **Inland Flooding**
- **Coastal Flooding**
- **LogicPrimedAI™ HUB Certifications**

- **Social Disruption***
- **Crisis Intervention***
- **Unified Cross-Agency Response**

RHM HUB CERTIFICATION PROGRAM

Working with Navibuilder, NAC, and RNPN to develop the guidelines for a Resource, Worker, Builder, and Installer Certification for HGMP process compliance and HUB use proficiency.

PHASE 2

MOBILIZE PRIMED INSTALLS

Begin integrating LeadingResiliency™ Enterprise and Exchange Hub Murals, Kiosks, Vehicle, and Appliance.

PHASE 4

LOGICPRIMEDAI HUB INTEGRATION

Using BRIC Funding Strategy to deploy LogicPrimedAI™ HUB App and engineer touchscreen portals for mobile murals, vehicle, stand, wall and appliance kiosks and interfaces with suppliers, faith-based rescue and recovery foundations, public services, and responder agencies.

PHASE 1

CONNECTING THE GRID

Begin cross-agency corporation across FEMA Regions and incorporation energy grids, state and country hospital systems, OSHA, and other federal agencies to create a national organization grid for event mitigation, response, and recovery.

PHASE 3

NATIONAL ALERT STRESS TEST

Run alert stress tests (network traffic, latency, backups, failovers, and failsafes and test remote command and control operations. Social Disruption includes supply chain interruption.

BRIC RESILIENT INFRASTRUCTURE COMMUNITY "HUBs"

Navitent is adding a HexagonLogic™ Utility Board to integrate GIS, Lifelines, NIMS, and HGMP with Healthcare, Workforce, DeeperEngaged™ Social Pillars for the Resilient Communities IA of the future.

"BUILDING RESILIENT" HAZARD MITIGATION GRANT PROGRAM

Navitent is adding "Resiliency" to the Hazard Mitigation Grant program to indicate both a fast-track grant process of planning, application, implementation, and closeout process and participating business and services trained and certified to comply with the process and BRIC Lifeline Integration.
